Dear all,

Here my notes of the FP meeting. Discussion to be continued.

Kind regards,
[REDACTED]

Subject: Save the date: fluoropolymers
When: woensdag 16 februari 2022 09:00-11:00 (UTC+01:00) Amsterdam, Berlin, Bern, Rome, Stockholm, Vienna.
Where: Microsoft Teams Meeting

15/2: Agenda:

1. Draft entry text and questions
2. Restriction options fluoropolymers
3. Follow-up, action points

Agenda point 2 will take main part of the meeting. I will present 7 different restriction options for fluoropolymers. These options have different rationales, more or adjusted options or combinations are also possible. The purpose of this meeting is to discuss the advantages and disadvantages of the different options. We do not have to decide during the meeting how we would like to regulate fluoropolymers, in the restriction dossier we will have to present several options (including a preferred option). Final decision will be taken in Brussels.

Finally, I would like to make sure that the SEA in WP7 will deliver the information needed.

3/2: Apologies I have to change the date of this meeting to the 16th of February.

Kind regards,

Please reserve this date/time for the discussion on fluoropolymers as this seems to be the best option, but still some confirmation is needed.

Further information will follow.
