5.1 Amendment

MANUFACTURING CHEMISTS ASSOCIATION

1825 CONNECTICUT AVENUE, N.W. WASHINGTON, D.C. 20009 (202) 483 6126

GEORGE E. BEST
VICE PRESIDENT
SECRETARY-TREASURER

March 18, 1974

MANUFACTURING CHEMISTS ASSOCIATION, INC.
RECEIVED
MAR 25 1974
RECEIVED

W. Clark Cooper, M.D.
Secretary-Treasurer
Tabershaw/Cooper Associates Inc.
2180 Milvia Street
Berkeley, California 94704

Dear Dr. Cooper:

With reference to Dr. Tabershaw's letter of March 1, and confirming Mr. Clark's phone conversation with Dr. Gaffey on March 12, we concur in the need to accelerate and intensify the Epidemiology Study to improve on the current target of 90% follow-up by the April 15, 1974 reporting date.

Therefore, we propose an amendment to the existing Agreement between MCA and Tabershaw/Cooper Associates, executed June 1973, to authorize the following tasks as outlined in paragraph I-A of the proposals forwarded by Dr. Tabershaw under letter dated March 1, 1974:

- Assign additional personnel to the task of processing in-house data;
- Use retail credit associations to follow those persons not yet found by Tabershaw/Cooper's usual methods;
- Utilize an intensive retail credit check of those not yet found in a routine credit check.

It is understood this additional work will be performed for an amount not to exceed $5,250.

If this is agreeable to Tabershaw/Cooper Associates, please indicate your acceptance on the attached copy of this letter and return it for our files.

Sincerely,

Accepted for:
Tabershaw/Cooper Associates Inc.

Signed _____
