

Common Pb Uses/Potential Exposures

Smeltors

Food

Water

lead oxide lead acid
Pb vanadate

~~Fuel~~

Lead stearate, Pb titanate, Pb tungstate, Lead sesquioxide
Lead nitrate, Lead oleate, Lead oxide, Lead resinate

Paint

Paint - ^{Lead nitrate, Lead oleate, Lead oxide, Lead resinate}
Lead borate (drier), lead carbonate, lead chloride, lead

Pb acetate

chromate, lead lindate, lead molybdate, lead naphthenate,
lead sulfate

Firing ranges - Lead thiocyanate

Refineries Alkyl

(Steel mills - lead cross (metallic Pb lead sulfate))

Pesticides - Lead arsenate, Lead arsenite

Glazes - Lead antimonate, lead carbonate (basic) ^{Ceramics lead sulfide}
Lead sesquioxide

Batteries - Lead acetate, lead dioxide, Pb suboxide, lead silicate, Pb sulfate

Leaded glass - solder, lead oxide

Photography - Lead iodide, lead nitrate

Lube Oil - lead naphthenate
