Attention: Mr. John Baden

Dear Mr. Baden

Attached are our revised Labor Rate Schedules, Equipment Rental Rates, both for operated and nonoperated equipment, Consumable Supplies List, Shop Labor Rates, Stress Relieving and X-Ray Rate Schedules which are effective as of January 3, 1983.

We will be happy to provide our services to perform any of your requirements for plant construction and maintenance work, or shop pipe, vessel and structural fabrication needs on the following basis:

a. PLANT CONSTRUCTION AND MAINTENANCE

1. Labor and Supervision

All field labor and supervision required for the performance of work assigned us will be provided at the rates shown in attached "Exhibit A", Labor Rate Schedules. The rates shown on these schedules are your total cost for each craft manhour worked, and include wages and fringes, payroll taxes and insurance, small tools, home office overhead and profit. Small tools are defined as, and limited to, any tool required for the work which has an acquisition cost of under \$300.00 and does not appear on the attached "Exhibit C" - Equipment Rental Rates, and "Exhibit D" - Consumable Supplies.

2. Construction Equipment

All construction equipment required for the performance of work assigned us will be furnished in accordance with the rates, and on the basis as shown in attached "Exhibit B" and "Exhibit C" - Equipment Rental Rates.

3. Materials, Consumables and Subcontract Services

For any materials, consumable supplies (Exhibit D) or subcontract services you request we furnish, your cost will be our cost plus 10% markup for overhead and profit. For any materials or consumable supplies we furnish on

CED0006547

which there is a cash discount available, if we receive payment in sufficient time to earn the discount, it will be passed on to you, otherwise this discount will remain with us.

B. SHOP PIPE, VESSEL AND STRUCTURAL FABRICATION

For work performed in our pipe and vessel fabricating shops, the rates set forth in the "Exhibit E" will apply. Any materials or subcontract work which you request we procure in connection with force account work performed in our shops for you, would be furnished on the same basis as stated in A. 3 above.

C. STRESS RELIEVING AND X-RAY

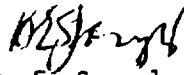

For Field Stress Relieving and X-Ray performed in the field or our shops, rates as set forth in attached "Exhibit F" and "Exhibit G" will apply.

Stress relieving performed in our 20' wide by 21' high by 79' long car bottom furnace will be priced on application.

We will be happy to provide the above services to you for any of your requirements, and assure you we will perform in a manner highly satisfactory to you.

Very truly yours,

BERRY CONTRACTING, INC.

EXHIBIT "E" Shop Labor Rates

The following rates apply for any work performed on a force account basis in our Pipe and Vessel Fabricating shops:

For pipe fabrication work performed in Berry Industrial Piping Shop	\$24.50/Hr.
For work performed on overtime basis, add.....	\$12.00/Hr.
For vessel or structural work performed in Berry Fabricators Shop (4 Hr. Min. Charge).....	\$27.50/Hr.
For overtime at time and one half, add.....	\$ 6.50/Hr.
For overtime at double time, add.....	\$13.00/Hr.

The above rates are your total cost for each manhour worked, and in addition to wages and fringes, include all costs for building and facilities, utilities, consumable supplies, tools, oxygen and acetylene, carbon steel stick weld rod, taxes and insurance, overhead, and profit. Your total cost for shop work performed would be the actual applicable manhours worked times the rates quoted above. Engineering in connection with fabrication work, if required, will be priced on request.

EXHIBIT "F" Stress Relieving Rate Schedule

Field Stress Relieving:

Field type (local) stress relieving will be performed employing resistance type heating coils. Charges will be on an hourly basis at the following rates which include temperature recorder, thermocouples, thermocouple leads, resistance coils, insulation and wrapping materials.

Operator - Straight Time Rate	\$30.00/Hour
Operator - Overtime Rate	\$37.00/Hour
Asst. Operator - Straight Time Rate	\$19.50/Hour
Asst. Operator - Overtime Rate	\$27.00/Hour

The customer will furnish electric power, either 220 or 440 volts AC, 60 cycle, 3 phase, as required to operate our DC power sources.

If customer cannot furnish electric power required, Berry would furnish our diesel driven, DC generating equipment to provide electric power at our standard rates.

In addition to the hourly charges above, our standard rates will be charged for all power sources furnished which are required to perform the stress relieving operation.

Shop Furnace Stress Relieving

Stress relieving can be performed in our 20' wide X 21' high X 79' long car bottom furnace located at our fabrication shop and will be priced on application.

EXHIBIT "B" Schedule of Equipment Rental Rates Maintained, Fueled and Operated

CONDITIONS AND BASIS OF RENTAL

1. Straight time wages of operators are included in hourly rates. If overtime is worked, premium portion of wages will be charged in addition to hourly rates.
2. Transportation of equipment and component parts to and from job site to customer's account.
3. A three (3) hour minimum per day charge will apply to all equipment listed above, unless noted with an asterisk.
4. On equipment noted with an asterisk, an eight (8) hour day minimum will apply for the first day's rental period. For every day worked thereafter, the rental period shall be the hours actually worked.
5. Equipment rented to haul loads in excess of 200,000 pounds will be priced on an individual basis.
6. Per Diem will be charged at the rate of \$35.00 per employee per night out of town.
7. For units not listed, prices furnished upon request.

BERRY CONTRACTING, INC.

Labor Rate Schedule
Exhibit "A"Craft: Boilermaker Effective: 1/3/83 Through: 6/9/83

	<u>Straight Time</u>	<u>Time & One Half</u>
Boilermaker	\$23.78	\$33.74
Sub-Boilermaker	18.47	25.94
1st Pd. App. 70%	17.41	24.38
2nd Pd. App. 75%	18.47	25.94
3rd Pd. App. 80%	19.53	27.50
4th Pd. App. 85%	20.59	29.06
