Final Agenda 03-14-2017 FINAL.pdf

Unfortunately, the hotel does not have a head of security. But the sales and catering manager is copied to this email if you need further confirmation.

Additionally, the final agenda is attached.

Christopher, please review email below from Administrator Pruitt's office, he's planned to be in attendance on Monday 20th.

Thanks!

Likely 9:45 for the Administrator.

I and a member of his security team will be there about an hour before to do a walk through.

Could you please give me the name of Head of Security at the hotel?

NPDES Updates Rule Discussion

Freemont Room

The purpose of this workshop is to provide further discussion between the state technical workgroup and EPA regarding options provided in the proposed NPDES Updates Rule provisions. In particular, EPA is interested in getting feedback from the state technical workgroup on how EPA could address state concerns. This workshop is the culmination of a series of conference calls that EPA has held with states to listen to states' concerns on the proposed rule. Please note, this session is now at full capacity. For more information please contact [Sean Rolland](#).
