E. C. MORNER
ASST. GEN. MANAGER

DAYTON, OHIO

March 21, 1930.

Doctor Robert Kehoe,
College of Medicine,
University of Cincinnati,
Cincinnati, Ohio.

Dear Doctor Kehoe:-

We have been advised that the case of [REDACTED] at Piqua, Ohio, is to be tried April 2nd at Piqua. You will possibly recall this is the case where a former employee of Mr. Miller contended that thru inhaling fumes his general system was effected. There was also a question whether or not the fumes were Ethyl fumes.

If we remember correctly your organization made an investigation. Should you or some of your doctors be called in the case, would you or could you offer any testimony in assistance of Mr. Miller?

Very truly yours,

THE REFINERS OIL COMPANY

E. C. Morner.

E. C. Morner
