Good Afternoon,

Here is a summary of today's disbursements. Today's files moved early due to less types of a file that traditionally takes quite a bit of time to reconcile. And the fantastic team in our shop and at ESC has done a great job of automating reporting here.

Subject: RE: Information on yesterday's disbursements

Good Afternoon,

We disbursed both the morning and afternoon pay files. Please note that the increase in FAA disbursement totals was primarily driven by payments to San Diego Regional Airport for \$29M and the City of Los Angeles Department of Airports. The decrease in Misc Payments for NHTSA is related to a refund from the state of Alabama.

Good Afternoon,

I wanted to provide the following updates:

First, we have a large set of questions that came in from the Hill (THUD Senate Maj/Min + House Min) on Friday regarding EO Unleashing American energy and DEI. The main focus is getting a sense of the Department's next steps on how we are implementing the EO on Unleashing American Energy and Ending Radical and Wasteful Government DEI Programs. We will work on crafting responses, pulling in the appropriate folks (OST-M, S3, OGC, etc.) (b)(5)

Second, OMB reached out this morning to inform me that they expect a formal memo on EO Unleashing American Energy to come out this afternoon. That memo is government-wide and will provide a template for us to fill out –basically requiring us to take our recommendation memo and distill it into the OMB spreadsheet. (b)(5)
