REPAINT! THE MASTER PAINTER *knows why its BEST*

Goes Farther—Lasts Longer

because it's

100% PURE

Your painter knows by the formula on MONARCH 100% Pure Paint that no better paint can be made. He will also tell you that it will cost you less to paint your property with MONARCH because it requires fewer gallons to do the work. Then, too, MONARCH looks better and lasts far longer than adulterated paints containing substitutes for white lead and zinc oxide.

You will be interested in the inert demonstration we will be glad to make for you if you will call at the store. Know what you are buying.
