Sarah

We met with Samantha, Brittany, and Mandy last week, and they recommended we reach out to you as follow up regarding some of the specific principles we have been discussing related to a revised Waters of the US rulemaking. MJB&A's Permitting and Infrastructure Coalition includes Dominion Energy, Entergy, NextEra Energy, and PG&E.

We submitted the attached comments to EPA's Regulatory Reform Docket yesterday and posted a white paper with more detailed principles for a WOTUS rulemaking here:

We would be happy to meet with you in DC to discuss these principles and answer any questions you might have. Please let me know if there is a good day in the next few weeks that might work well for you.

Thank you,  
Carrie
