Subject: RE: AstraZeneca-Daikin meeting / thank you

Dear [REDACTED], [REDACTED], [REDACTED], [REDACTED],

Further to our meeting, we are pleased to send you the final reports supporting the exemption request for the use of PFOB in the production of pharmaceuticals under the REACH Restriction on PFOA and PFOA related substances.

We understand that the issue was mentioned at the previous REACH Committee meeting and that further discussions are to take place within the Committee.

We would like to thank you for bringing our request for exemption to the Committee and would be grateful if you could inform us about how you see the next steps, in terms of procedure and timeline.

We are available to answer any questions you may have,

Kind regards,

[REDACTED]

Subject: AstraZeneca-Daikin meeting / thank you

Dear [REDACTED], [REDACTED], [REDACTED], [REDACTED],

We would like to thank you very much for taking the time to meet with AstraZeneca and Daikin to discuss the need for an exemption for the use of PFOB in pharmaceuticals under the REACH Restriction on PFOA. Thank you very much also for suggesting to take this issue forward within the REACH Committee.

On our side, and in the perspective of the discussion in the REACH Committee, we will meet again the Swedish Environment Ministry on 2 February and the French Environment Ministry on 7 February. We may contact a few other member states, in particular those which are also part of the supply chain, among which the UK, Spain, Germany (which also submitted the Annex XV dossier for the PFOA restriction).

We will send you the final reports, as well as the slides, as soon as possible and look forward to hearing more of your thoughts on whether the issue could be addressed at the February session of the REACH Committee and on the procedure that would be followed.

Kind regards,

[REDACTED]
