

FOR IMMEDIATE RELEASE

NEW YORK, JANUARY 13, 1966 - Raymond L. Whitney has been named technical director of National Lead Company's paint division. Mr. Whitney was first employed by the company in 1937 as a chemist in the Technical Service Laboratories at Brooklyn. In 1948 he was transferred to the company's Research Laboratories to do development work on Dutch Boy paints. He came to the New York office in 1959 as technical assistant to the supervisor of paint and vehicle production.

Mr. Whitney was graduated from Middlebury College. He is a past president of New York Society for Paint Technology and member of American Society for Testing and Materials, and has served on various committees at both societies for a number of years.

Mr. and Mrs. Whitney reside at 37 Kenmore Terrace, East Orange, New Jersey.

Release sent to: Newark Evening News, Newark Star Ledger, East Orange Record.
