CHOKE FILTER-616

AUTOMATIC CHOKE FILTER

No. 3-5490

Prevents Foreign Matter Entering Automatic Choke!

3-5490

Protects delicate automatic choke mechanism from carbon, gum, dirt and other foreign matter that can be drawn into the choke housing through the hot air tube - often resulting in expensive carburetor repair.

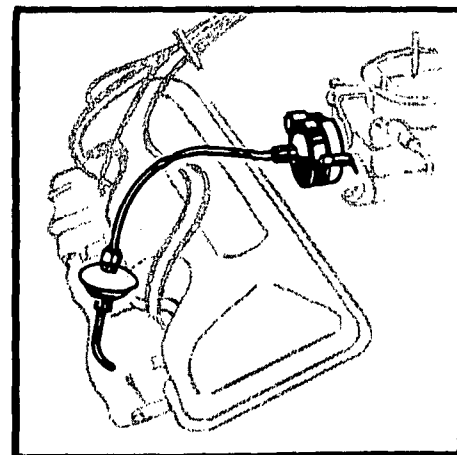

- EASY TO INSTALL
- EASY TO CLEAN

Filtering element consists of closely woven monel screen.
Filter easily installed in hot air line.

*** APPLICATION CHART**

*From 64-68, 3-5490 is applicable to all automatic choke systems using a heat riser tube.
