What a Big Part Valspar plays in "Sprucing Up" the Home!

Doors and floors, tables and porch chairs—
how fine they look after a fresh coat of Valspar
Varnish!

If a thing is worth varnishing, it's worth
Valsparring.

Because Valspar—indoors or out—protects
and preserves your woodwork. It won't turn
white from exposure to water or weather. It
dries dust-free in two hours and hard over
night. Anyone can apply it.

Valspar is the varnish you need for your
annual clean up.
