"The Way to Beautiful Homes"

Ready for Use

Really hard to believe, isn't it? You can paint your floor at night, and it will be dry the next morning!

Yes, **OVER-NITE FLOOR ENAMEL** does, under ordinary conditions, dry perfectly over-night. And better still, it can be easily and successfully applied over any finish, and has no disagreeable odor. It holds up under severe usage, and does not require frequent repainting.

There is a **B-H Paint or Varnish** for every painting requirement. Let us advise you on the one best suited to your need. For exterior paint, we recommend **B-H Pure Prepared Paint**.
