Subject: API Policies
Oversight Committee;

One of the lingering action items from the July 26th meeting was to provide copies of the relevant API policies for you to review. These have been placed on the Consortium Web Site as an HTML version of the table of contents, with links to those policies that seemed to be most appropriate to the issues of managing a consortium-funded research program.

(<http://www.api.org/benzene-consortium/Oversight/ToC-API%20Policies%20and%20Procedures.htm>). Some may only be relevant in part. If you want to view any others, please send me a request with the Policy Number and title.

Thank you,
