Eden & Bethesda Aves.
Cincinnati 19, Ohio

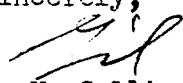

Dear Bob,

I have made inquiries as to the proper person for you to see with respect to a request for assistance with your proposed building program. The man is Mr. Sam K. Botsford and it is suggested that you contact him directly rather than through the Medical Department or some other department.

I have no idea how much success you may have but if you find that an expression from me would help I would be more than happy to outline the probable value of the Kettering Laboratory to us over future years.

Thank you for the privilege of visting with you and Dr. Horton and for your interest.

Sincerely,

G. H. Collings, Jr., M. D.
Associate Medical Director
