Paul,

In the recent memo from you and Norm on the PCB pollution article, a letter from Elmer Wheeler was attached along with a list of customers to whom the letter was sent. Three west coast Askarel users were left off this list and I would appreciate your forwarding a copy of Elmer's letter to those listed below:

Mr. Ted Reback
Mr. Fred Preuss
Federal Pacific Electric
1200 Piper Drive
Milpitas, Calif. 95035

Mr. O. M. Oliver
Mr. Ben Abbitt
Mill Magnetics
2201 Bay Road
Redwood City, Calif. 94063

Mr. Dick Kellogg
Mr. Charles McDonald
M. K. Porter Co.
Industrial Way
Belmont, California 94002

Although only Ted Reback of FPE was aware of the article in the San Francisco Chronicle, I think it is important that all of these people know our position. Thank you for your efforts.

Jerry Davidson
