

February 1, 1946

Mr. Manfred Bowditch,
The Saranac Laboratory,
Saranac Lake, New York.

Dear Mr. Bowditch:

Inasmuch as Dr. Kehoe is absent from the Laboratory I shall try to answer your letter of January 29 as well as I can. Mr. William P. Yant will give the memorial lecture at the April Meeting. It has been suggested that the lecture be scheduled for a luncheon meeting of American Industrial Hygiene Association.

Very truly yours,

E. F. Fortlage, Secretary to
Dr. Kehoe
