W. W. MADDEN

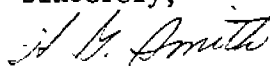

Dear Mr. Madden:

Would it be possible to obtain a list of the persons that attended the Vinyl Chloride Safety Association meeting in Memphis and the companies they represented? I would appreciate receiving a copy if it is available.

The meeting went quite well, I thought, and provided an excellent means for information exchange for industrial safety. Mr. Johnson Young of ICI was very favorably impressed with the frank and open discussion of safety items and incidents. Of course, he had quite a long trip but he considered it well worthwhile.

I hope you made it home before the weather changed. It was nice in Memphis but I understand the weather changed quite a bit the day after we adjourned.

Sincerely,

H. G. Smith  
Superintendent  
PVC Operations
