Dear Dr. Kubie,

In today's Mail you are being sent the 51 Panama-Mead Book Review and an article on L.A. Times. Hope they will be of some interest to you.

The South Gate bad poisoning fiasco is now getting the attention I've long predicted for it in the industrial communities. Also it seems headed for publicity in the press. - It's pathetic when

Eleven of our cases were brought up last week, and 5 was subpoened to appear and was on stand three afternoons and one morning. The G.M. lawyers were a sad spectacle, and obviously knew little about Plumbism, and their legal talents were meagre. Hearings will be resumed on Feb 5th but there is still doubt about the outcome of the first 21 cases. Of course there will be others and some of the first groups will file for their

accord award-race.

Not since your visit in Nov. 49 have I been able to discuss the sad situation w. Th Mrs. Clerk. - No doubt you will get his own version & the set-up in South Gate and encouraged to make statements of a damaging nature about me. The shame there was considerable for I was quite able to have a conference and set things right as much as possible. The disagreements were for

in comparison to our agreements on plumbing, but I may
were
explained to the fullest. The
story as I know it is a sad
commentary on the use
and abuse of physicians by
"scientists" and I would like
to discuss it with you if a
chance ever presents itself.

Please get in touch with me
if you ever have an opportunity
on one of your visits to L.A. —

Best personal regards.

Sincerely, Billy Bones
