Eden and Bethesda Avenues
Cincinnati 19, Ohio

Dear Dr. Kehoe:

V. 1032 mwp R/L ✓ 0.025 mwp R/L 1032 mwp
We are sending you under separate cover specimens of blood and urine from [REDACTED] #440, a urine specimen from Miss [REDACTED] #1115 and recheck urine specimens from [REDACTED] #3580 and [REDACTED] #3626.

1032 mwp R/L ✓
[REDACTED] is an operator who works on the fourth floor of "E" Building. He complains of frequent headaches and dysuria.

V. 1032 mwp R/L ✓
Miss [REDACTED] on March 6, 1945 had a spill of reflux in her eyes. Her eyes were washed out at the time. She is at present sleeping all right, but has a slightly upset stomach, is nervous and dreams occasionally. A urine specimen was obtained from this individual in a special pint mason jar and transferred to the usual container.

[REDACTED] feels dizzy, dreams, doesn't sleep very well, does not have much energy, but has a good appetite.

[REDACTED] feels dizzy, has an upset stomach and substernal oppression. He is eating and sleeping fairly well, but is somewhat weak most of the time.

Very truly yours,

H. H. FISHER, PLANT MANAGER
