Attention: Mr. Dick Churn

Subject: Worthington Compressor Blow-Off Silencer

Dear Mr. Churn:

As per our telephone discussions, we are proposing a Special 16" Vent Silencer Part No. 41-541 which should be placed between the valve and the SUH-16 silencer. This silencer should reduce the existing outlet noise by approximately 15 db. This silencer has a net price of \$675.00.

Delivery would be four weeks, F.O.B. Marshall, Wisconsin

Three dimensional prints are attached.

Yours truly,
