Cincinnati, Ohio 45219

Dear Dr. Kehoe:

I am enclosing a copy of the paper that was presented at the recent Industrial Hygiene Foundation meeting on some recent work we have done at our Chambers Works.

The first portion of the paper is a review of the literature and you have already seen this data presented in Washington, but it contains so much that is directly or indirectly a result of your work that I wished to take this opportunity to acknowledge our debt to you. With the addition of some more detail, I am hopeful that this paper will be published in the Archives of Environmental Health.

Yours sincerely,

G. J. Stopps, M.B., B.S.
Chief, Physiology Section
