Subject: AFFF Toxicity ASTM Standard
Attachments: MIL-F-24385F(SH)_AMENDMENT-1[1].pdf

Steve:

As you will note on Page 14 paragraph 4.7.12.1 "Toxicity" the ASTM standard is E729.

FYI, you will be getting the two new AFFF reports this morning and you will note that we are recommending to use the Fathead Minnow instead of the Killiefish as is currently noted in the AFFF MILSPEC.

R/ John
