Dear Mr. Nelson,

Thank you for your letter of the 1st instant enclosing a note of our visit to Shell New House on Friday of last week, the 17th November. I have no important amendments to suggest and generally agree in your notes correspond quite closely with our own.

Minor points of difference can be more easily particularly in view of the fact that I have this morning received from Mr. Luserman a revised draft of the proposed contract in which it is stated that it will not be necessary for us to suggest any significant alteration.

Thank you also for the copies of appendices A, B, and C, setting out the arithmetical basis on which the allocations as between U.S., U.K., and others have been worked out. Naturally I shall regard as strictly confidential the figures referring to material not produced by our companies.

Yours sincerely

AL-1
