Re: Nevada Power v Monsanto et al.

Dear Ms. Straub:

Thank you for your phone call updating the schedule of depositions on the referenced case.

I appreciate your offer to provide additional data on the case. After reviewing the proposed amended complaint, I would request the opportunity to review the following:

1. Promotional literature from the defendants encouraging the use of PCB-containing products.
2. A record of Nevada Power's actions taken to remove PCB and PCB-contaminated equipment from their systems, along with costs.
3. A record of leaks, failures, explosions, etc necessitating cleanup action by Nevada Power; cleanup action taken; and costs.
4. Copies of the referenced discussions and warnings, internal to the, defendants concerning the risks of PCB in their products.

Thanks for your kind assistance in seeking these documents. As I mentioned, I will be in Europe from approximately August 30 - September 15. I will await your instructions concerning scheduling.

Very truly yours,

A handwritten signature in cursive script, reading "Rick Ellis".
