CLARAGE AIR HANDLING AND CONDITIONING EQUIPMENT

For Over a Quarter-Century Clarage has been a leading manufacturer of air handling and conditioning equipment. There is a Clarage fan or blower, conditioning unit or system to meet every need, from the simplest ventilating or cooling job to the most exacting temperature and humidity control installation.

Whatever your ventilating, unit heating, cooling, drying, air cleaning, humidifying, dehumidifying or complete air conditioning problem, we can meet your requirements successfully and economically.

Clarage Experience covers every conceivable type of installation, commercial, industrial and public building. Clarage equipment is used in the largest industrial plants, office buildings, auditoriums, theatres, hotels, restaurants, retail stores, hospitals, churches and schools.

Architects, Engineers and Contractors find our service specially helpful. This Company is an independent manufacturer selling through regular trade channels, and cooperating fully with those who specify and those who install. Your inquiry for data on any Clarage product is invited. Write for Bulletins.

Clarage Systems for complete air conditioning in public buildings and industrial plants.

Multitherm Units for complete conditioning, summer cooling, or winter heating.

Unicoil Units for use in small air conditioning systems.

Clarage Fan with Vortex (constant speed) Volume Control for ventilation and air conditioning.

Unitherm Unit Heaters with Syncrotherm Temperature Control for factory heating.

Unitherm Unit Coolers for product cooling and refrigeration.
