The Honorable Scott Pruitt, Administrator  
U.S. Environmental Protection Agency  
Office of the Administrator, 1101A  
1200 Pennsylvania Avenue, N.W.  
Washington, DC 20460

Dear Administrator Pruitt:

Please accept my sincere thanks for hosting the utility stakeholder meeting in Washington, D.C. on June 19. I enjoyed our discussion and hope that the information we provided will be of use to you as you tackle the pressing issues before you.

As you may recall, when I and a group of North Dakota cooperative leaders visited with you in May, the suggestion was made for you to attend Basin Electric Power Cooperative's 2017 Annual Meeting. Please consider this letter as our formal invitation to have you speak to our membership. As a cooperative with 3 million members across nine states, our meeting is widely attended by an array of people with diverse interests. Given the challenges facing the electricity industry and as a utility that is still more than 45% coal-based, we think our members would benefit from your insight into the challenges facing your agency, the Administration, and the country with respect to environmental protection and energy policy.

The Annual Meeting will be held November 8, 2017, in Bismarck, ND. We sincerely hope you will be able to attend. We can work within your schedule and arrange for you to speak at any point during our meeting. Please confirm whether you will be available to speak by September 9. Should you accept our invitation, we will be happy to help with travel arrangements and can discuss details further.

Again, thank you for taking the time to visit with me and we hope your schedule enables you to join us. I look forward to hearing from you.

Please have your scheduler contact Dana Friedt at 701-557-5371 ([dfriedt@bepc.com](mailto:dfriedt@bepc.com)) for additional details.

Sincerely,

Paul Sukut,  
CEO & General Manager
