TELEPHONE NOTES, 7/31/47

B. L. Vosburgh

Urban conferred with him, Dr. Harrington, Dr. Titus, Dr. Hans Rozendaal (Research Laboratory, nucleonics) this morning; returning to see Dr. Harrington this afternoon.

Doubts Dr. Harrington yet convinced should attend symposium.

Asks notice be sent to Dr. Rozendaal.

Will convey Norton message to Urban.

E. C. J. Urban

Visited Riverside Metal 7/29.

Saw J. V. Hackett, superintendent, his father, vice-pres. and gen. mgr., H. S. Freynik, chief metallurgist.

Operations not large, claim have had no trouble, but are concerned and cooperative.

Freynik has been working with beryllium since 1931; a possible symposium participant.

Visited General Electric Today.

Thinks Dr. Harrington needs only a little stronger urging; inferiority complex?

To revisit Ticonium tomorrow.

Both Riverside and Harrington urge visit Ampco Metals, Milwaukee; large users.

Harrington attributes Beryllium Corp. reticence to change of management; vague as to prospects of improvement. Urban will check with Thompson on this.

Received Norton message.

Will have eye out for symposium participants.

In Boston Sunday or sooner; will wire address.
