CC: GD Ingenthron, Brussels
HA Vodden, Ruabon

SUBJECT PCB's

REFERENCE DSC/ls

TO : WB Papageorge, St. Louis

Attached is a clipping taken from a recent issue of the Times. I have not yet seen a copy of the first issue of the new journal "Environmental Pollution", but when I do so, I shall send you one.

You will remember that when we visited the Monks Wood people in May they told us they would be using this journal for the publication of the results of their study on PCB residues in various British birds.
