RE: FINNISH ASBESTOS FIBRE

Dear Mr. Church:

Thank you for your letter of April 20, 1962 addressed to our affiliated company, Huxley-Westfried Corporation.

In accordance with your request we are enclosing several technical bulletins on our Finnish Antophyllite Asbestos fibre which we hope you may find of interest. We would like to draw your attention to bulletin #6 which contains quite a bit of information of general nature.

Our prices on grade PT-1 in minimum quantities of 40 tons are as follows:

$67.00 per ton of 2,000 lbs., free ex docks, Boston, Mass.

$70.00 per ton of 2,000 lbs., free ex docks, Charleston, S.C., Shreveport, La., and Chicago, Ill.

Under separate cover we are sending you a sample of 2 lbs. of grade PT-1. Much to our regret, grade PT-2 is not available at this time.

As you may know we made several shipments of this type of asbestos to your plant in Charleston, S.C., and we have been enjoying a very pleasant relationship with Mr. F.H. Billings.

Should you require any additional information or samples, please do not hesitate to contact us.

Very truly yours,

HUXLEY DEVELOPMENT CORPORATION

A. Novak

Stan: Have requested data sheets, they were not enclosed with letter. Herb
