

3/18

E. V. John - World Headquarters

March 11, 1971

Mr. Tom C. Ford - TFORD

Mr. William B. Papageorge - WPAPA

Please review the attached memo from Pierre Wilkins and let me know what you think.

It would appear to be an opportunity to reemphasize our total PCB program by leading into the subject with a detailed description of our incinerator service. Assuming he would write about our total program, a Chemical Week article could be advantageous.

Edward V. John
