Subject: Future Comms Plans

Good afternoon!

It was wonderful being able to spend time with you all last week here in Lenexa. Thanks for your candor and ideas on how we continue to move our missions forward together. I'm requesting you each provide the main contact person you would like us to communicate with when matters that we think you would be most interested in arise. I'm hopeful it's someone in your leadership team so we can be assured that we can know you are hearing about recent, upcoming, or urgent matters that involve both EPA and your state. I know you are regularly inundated with emails, and we don't want to add to that burden.

If any of you have other ideas about how to make sure we connect in a timely and meaningful way, we are wide open to them!

Thanks in advance for helping us improve and to meet our mission here in the heartland, TOGETHER!

All the best,

Cathy Stepp

Principal Deputy Regional Administrator

U.S. EPA Region 7

11201 Renner Blvd.

Lenexa, KS 66219
