Re: Ernest Lee Stevens

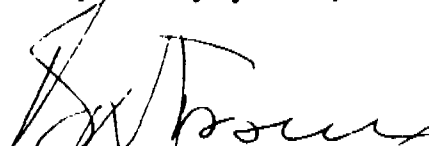

Dear Dr. Holland:

attached

I enclose herewith the medical information I have obtained from Dr. Al-Hajj and Thomas Memorial Hospital concerning captioned individual who is a resident of North Charleston and who, we are advised, contemplates legal action against the Corporation based upon notices which the Corporation has been served for the purpose of perpetuating Mr. Stevens' testimony.

I would be interested in whatever comments you have in connection with this information.

Very truly yours,
