In regards to your prior memo of 2-19-81, a pre-trial hearing will be held on 3-13-81 in Syracuse on the claimant's suit vs. New Primex Realty Associates. Mr. Mulcahey of Metna advised me that he will be present along with an attorney to represent Sherwin-Williams' interests at the hearing.

With regard to the Workers' Compensation occupational disease claim, a hearing on our appeal is scheduled for 4-3-81 in Syracuse at 10 a.m. Mr. Mulcahey has asked us to have someone available to attend the hearing who could answer some questions concerning our industrial hygiene and environmental control program for our stores. I feel [redacted] would be most qualified for this assignment. Please give me your opinion concerning this at your earliest opportunity.
