Subject: Re: Checking in

While I have your attention.....I do have a quick question for you. I'm hearing this morning that a meeting is going to occur this week in Denver regarding some sensitive air issues in Utah's Uintah Basin. This is a long-standing, controversial, and complex issue the state has been wrestling with for several years. From what I understand, tribal and industry reps will be participating in the meeting at EPA, but unfortunately, no state reps are scheduled to be there.

I know this is kind of out of left field but would you mind taking a look into this meeting and seeing if there is a chance the state may be able to participate perhaps via phone?

Thanks!

Cody Stewart
Director of Federal Affairs
Governor Gary Herbert

Ex. 6

Hey Cody!

Wanted to check in and see if you had time for coffee this week? Just hoping to catch up/ discuss some of Gov. Herbert's priorities.
