The Managing Director,
Australian Blue Asbestos Limited,

SYDNEY.....N.S.W.

Dear Sir,

CORRESPONDENCE: As the ABA Perth office is no longer attached to the C.S.R. Co. Ltd. office any control or interest by the C.S.R. Co. Ltd. office is no longer practicable. Consequently it is suggested that in future no copies of correspondence between Sydney and Wittenoom or between Wittenoom and Sydney be sent to Perth Office unless there is a particular reason for forwarding a copy of a particular letter.

This will mean that it is the function of the Management here to keep Perth Office as fully informed as necessary on all matters affecting that office.

A considerable quantity of stationery, postage and time will be saved by this change.

We would be glad, however, if one copy of Capital Expenditure Authorization for Hired Plant only, be forwarded by you to the Manager, C.S.R. Co. Ltd., Perth for his information

C.S.R. HIRED PLANT: It is my understanding that the 5% interest charge on C.S.R. Hired Plant is not to be made in future. I would be glad if you would confirm this so that this charge may be eliminated from our four weekly cost figures. Depreciation on both ABA and C.S.R. equipment will still be included in the cost figures of course.

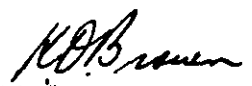

RETURNS - FOUR WEEKLY PROFIT AND LOSS ACCOUNT: We enclose the return for the period ended 6th December. You will note that a figure for mine development has been introduced. We understand that Mr. Reagan was to discuss this with you and we will be pleased to have your comments in due course.

From our accounting point of view we do not intend to depart from past procedure in respect of the accounts for the half year ending 31st December 1949.

Yours faithfully,
AUSTRALIAN BLUE ASBESTOS LIMITED.

Acting Manager.
