Subject: ISC Model

Dave,

Per our discussion, I have spoken with Cathie on the need to investigate the model and its validity for 1 and 8 hour periods. She is investigating the documentation and will respond to you promptly. With regard to future work on modeling, in order to expedite communications, I suggest you communicate directly with Cathie and Charlie on this issue. Particularly since I will be travelling for the next several days. If there is anything that I can do to help, please let me know.

Thanks
