Carrier is contending, through report filed with the Board and copy sent to the claimant, either that it is not required to make payments in this case, or that its obligation is less than the amount being claimed. In order to set a date for Trial Hearing on any issues that remain unsettled, a Preliminary Hearing will be held at the time and place above stated.

Both claimant and carrier are to be present, prepared to furnish in full detail all of the following information:

1. Nature of the disputed issues and of the evidence that will be produced at Trial Hearing.
2. Names and addresses or other identification of all witnesses on whose testimony the parties will rely for proofs, including both physicians and lay witnesses, and brief statement of evidence each is expected to give.
3. A day and hour when all witnesses and the parties can attend for Trial Hearing.
4. The time each party will require to present testimony and to cross-examine witnesses of the opposing party.

At the Preliminary Hearing the Referee will make findings on all issues not in dispute, or as to which dispute is withdrawn, and will then fix a day and hour for Trial Hearing and estimate the time to be allowed for taking all testimony.

ON THE DATE SET FOR TRIAL HEARING, THE CASE WILL BE DECIDED ON THE EVIDENCE PRESENTED. THERE WILL BE NO FURTHER ADJOURNMENT EXCEPT FOR GOOD AND SUFFICIENT CAUSE STATED UNDER OATH BY THE PARTY WHO HAS FURTHER EVIDENCE TO PRODUCE.

Dear Mr. Hofferth:

re: William Dean - New York
D/A February 7th, 1955
Died - December 6, 1959
File B 9230463

We have now received a reply from the Travelers Insurance Company with respect to our inquiry as to the status of this old case. They advise us under date of February 21, 1962, as follows:

"This file was closed by the Workmen's Compensation Board at a hearing on a recent date and this case is being closed with no payment. The Travelers were relieved of any liability in this claim."

Accordingly, we are closing our file on the case.

Sincerely

Died - 12/6/59 ✓

We would like to have an up-to-date status report on this claim. We have reason to believe the claim number is 9230463 because it appeared for the first time in the second retrospective adjustment for 1959 with a reserve of over \$20,000.

Please ask for statements concerning the adequacy of the reserve and the method used to apportion the loss among prior employers.

In reply to your April 27th letter we enclose a Thermo-fax of a memo written by Wallace B. Hofferth.

The memo originally was not written for outside consumption, however, its content in addition to the date of the accident so thoroughly presents all the facts in our possession we knew you would be happy to get the whole story.

Sorry I left your February 14th letter go unanswered - my apologies.

Dear Mr. Schiedt:

Subject - William Dean
D/A 2/7/55

We have your letter of February 10th, 1961 enclosing letter from the State of New York Insurance Fund in connection with the above case.

We note you give the date of the accident as February 7th, 1955 whereas the Compensation Claim Examiner indicates date of injury as December 6, 1959, the date you show Mr. Dean died. Will you please let us know the correct date of the injury? Also, please advise whether we have been furnished with a previous report of the matter, as we are unable to locate a previous record. If not, we would appreciate your sending us copy of the report for the completion of our file.

In the meantime, it would appear to be entirely in order to furnish the Compensation Claim Examiner of The State Insurance Fund, the information which they request.

Sincerely

Dear Chris:

Subject: ✓ William Dean
D/A - 2/7/55

What should we do about the attached request from the New York State Insurance Fund?

Our file indicates William Dean's death, December 6, 1959 was caused by asbestosis. The first hearing by the New York Workmen's Compensation Board was held September 28, 1960 and a second hearing was scheduled for February 8, 1961. ✕

To date Travelers has not requested a wage statement.

Carrier is contending, through report filed with the Board and copy sent to the claimant, either that it is not required to make payments in this case, or that its obligation is less than the amount being claimed. In order to set a date for Trial Hearing on any issues that remain unsettled, a Preliminary Hearing will be held at the time and place above stated.

Both claimant and carrier are to be present, prepared to furnish in full detail all of the following information:

1. Nature of the disputed issues and of the evidence that will be produced at Trial Hearing.
2. Names and addresses or other identification of all witnesses on whose testimony the parties will rely for proofs, including both physicians and lay witnesses, and brief statement of evidence each is expected to give.
3. A day and hour when all witnesses and the parties can attend for Trial Hearing.
4. The time each party will require to present testimony and to cross-examine witnesses of the opposing party.

At the Preliminary Hearing the Referee will make findings on all issues not in dispute, or as to which dispute is withdrawn, and will then fix a day and hour for Trial Hearing and estimate the time to be allowed for taking all testimony.

ON THE DATE SET FOR TRIAL HEARING, THE CASE WILL BE DECIDED ON THE EVIDENCE PRESENTED. THERE WILL BE NO FURTHER ADJOURNMENT EXCEPT FOR GOOD AND SUFFICIENT CAUSE STATED UNDER OATH BY THE PARTY WHO HAS FURTHER EVIDENCE TO PRODUCE.

Armstrong Contracting and Supply Corporation
Workmen's Compensation Claim
William Dean

The attached Notice of Hearing was received in this office late in the afternoon of September 26. The hearing was scheduled for 11:00 AM on September 28 at the Workmen's Compensation Board, 50 Park Place, New York City. From the information available on the notice, it was almost impossible to determine whether the hearing concerned determination of disability under the Workmen's Compensation Law or under the State Disability Benefits Law. The date of the accident shown was February 7, 1955, but our records failed to show any accident to a William Dean. Payroll reported the employment of a William D. Dean working out of the Atlanta Office in 1947. It seemed improbable that this employee was the one in question. Payroll also reported a W. Dean employed in New York State between June 15 and October 2, 1959. In view of the date of accident, it seemed improbable that this individual could be the one in question. Being unable to identify this accident in any respect, I called the Workmen's Compensation Board and requested information on it. After identifying myself at least six times, I finally talked to the individual responsible for this particular case. I was advised that William Dean died on December 6, 1959 and the date of February 7, 1955 was the date officially designated by the Board as the date for commencement of disability. The deceased died of Asbestosis. It was at the hearing held in September, 1959 that the referee directed that Armstrong Cork Company and two others be brought into any further proceedings on the case. Why we did not receive a copy of this directive I do not know. The individual I conferred with at the Board was able to furnish me with the social security number of the deceased, and we were thus able to identify him as being employed by AC&S from June 15 to October 2, 1959. The social security number of the deceased is 097-03-2801. Since the hearing to be held on September 28 involved apportionment to prior employers, it was essential that AC&S be represented.

Payroll furnished us with the dates of employment, gross earnings, and total hours worked by contract number for William Dean. These contracts were then identified as to customer, job, and type of work performed. In each instance, the deceased worked as an asbestos worker. One of the contracts, 231955 was excluded from The Travelers' Workmen's Compensation Policy since this insurance was provided by the customer. The customer, however, placed the insurance with The Travelers so The Travelers is concerned with all four contracts. The employment record of William Dean is attached.

Since The Travelers was not listed as receiving a copy of the Notice of Hearing, I called the New York Office of The Travelers to inquire if they had received any official notification. The gentleman I talked to was a Mr. R. Eckberg of the Workmen's Compensation Claims Section, and although he personally did not have access to their file on this claim, he knew that the individual responsible intended to appear at the hearing in our behalf. This being the case, he said it was unnecessary to send a copy of the Notice of Hearing or the individual's employment record at this time.
