tissue slides and medical records for Mr. Keith Grewe?

A Yes.

Q And based upon that review of the medical records and the slides, were you able to come to certain conclusions and opinions about his case?

A Yes.

Q Were you also able to come to certain conclusions about his death in this case?

A Yes.

Q Doctor, do you also evaluate cases and tissue specimens for doctors and hospitals in your part of the country?

A Yes. In Bremerton, Washington we have a hospital in that city called Harrison Memorial Hospital.

It is an approximately 300-bed hospital. The community that it serves is probably about, oh, maybe a total of 250 to 300,000 with the primary community being about 160,000.

I am one of four pathologists who are on the
