Sectional view of Durant Insulated Pipe, showing construction features. Pipe, insulation and protection are factory-fabricated into units.

EHRET'S D.I.P.

... SETS STANDARDS FOR UNDERGROUND INSULATED PIPING

Ehret's Durant Insulated Pipe combines the high insulating efficiency of 85% Magnesia and the time-defying characteristics of imperishable asphalt. Added to this advantage is factory-fabricated construction which makes field installation both rapid and economical.

Send for the special Ehret booklet on D. I. P. It contains full details on this modern system for underground insulated piping.

A FALSE CEILING OF CORRUGATED ASBESTOS-CEMENT

Several years ago the Hawaiian Electric Co. of Honolulu headed a new cold storage room, in a hurry.

This company operates an ice and cold storage plant. As electric refrigeration came to the front, there was less demand for ice and some of the ice-making facilities were abandoned. This was right after the repeal of prohibition.

The U. S. Fleet was to visit the island and a new Hawaiian brewery was rushing to have beer ready for the boys. Some difficulty was experienced in getting kegs so to be sure that a supply of cold beer would be ready when the fleet arrived, the brewery had a New

York brewery fill the kegs it had ordered and put them under refrigeration on the boat.

Here was a shipload of cold beer arriving in a matter of days. It couldn't be allowed to warm up again for that spoils beer. And all existent cold storage facilities were in use.

The Hawaiian Electric Company came to the rescue by converting one of its old freezing rooms into a cold storage room. The floor brine tanks were filled with
