Dear Bill:

Thank you so much for taking the time to provide me with a tour of the Krummrich plant. I was impressed with the company pride exhibited by your staff, in addition to their strong knowledge of the issues. Special thanks to Steve Smith, Kim Perry, and Phil Schell for their informative talks, complete with sharp graphics. Again, I would like to reiterate my desire to keep in touch with you regarding the progress and results of your environmental awareness training program.

It is encouraging to see so much innovation taking place within one company. Again, thank you for the tour and I look forward to working with you in the future.

Sincerely,
